MULTIFUNCTIONAL

OFFICE PRODUCTION PRINTER

Business Can Be Simple

Today's marketplace necessitates the ability to be resilient and versatile while improving efficiency. At the same time, meeting tight deadlines with a lean staff requires equipment that's intuitive, adaptive, and reliable and can consistently produce work with minimal effort. Introducing the imagePRESS C270 Series of multifunction printers—an outstanding investment that's designed to deliver the workflow, user-centric control, and remarkable print quality that your essential work demands.

WORK **EFFICIENTLY**

EASY, INTUITIVE, AND CONSISTENT

The imagePRESS C270/C265 multifunction printers are designed to be in sync with how users work. All models feature a large 10.1" touchscreen that's responsive and intuitive, making operation clear and virtually seamless.

User-friendly techniques echo the operation of smartphones and tablets. When utilizing an imagePRESS or imageRUNNER ADVANCE DX model, the interface remains consistent, allowing work to proceed effortlessly and with a minimal learning curve.

A CUSTOMIZED EXPERIENCE

You can customize your experience to your personal preference. Once logged in, you can see your preferred default log-in screen and desired language; preferred settings for Copy, Send, Fax, and Store; accessibility settings; easy recall of previous job settings; and more— following you from compatible, networked device to device. You can also take advantage of single sign-on (SSO) to access and scan to available cloud destinations.[1]

With Hot Folders, you can drag-and-drop files (PDF, JPG, or TIFF) to shared folders of Advanced Box on the MFP. Files are printed with the print settings set beforehand by the administrator for each specific folder. No driver is needed for this setup. This is an ideal solution for utilizing repetitive tasks and workflows and to help administrators manage drivers.

[1] Subscription to a third-party cloud service required. Subject to third-party cloud service providers' Terms and Conditions.

OFFICE **FUNCTIONALITY**.
PROFESSIONAL **QUALITY**.

The imagePRESS C270 Series is the solution for all your printing needs. In any business, this versatile multi-function device easily handles your day to day document workflows while also giving you the option to print high quality marketing material.

OUTSTANDING PRODUCTIVITY

Some models in the imagePRESS C270 Series can reach maximum production speeds of up to 70/80 ppm (Colour/BW). Also, the Single Pass Duplex Colour Scanner converts paper documents into digital files up to 270/270 ipm at 300 dpi (Colour/BW).

KEEPS RUNNING

Slowdowns and interruptions can cost time and money. That's why Canon designed the imagePRESS C270 Series with a range of impactful features that can help maximize productivity. Outstanding toner, drum, and part yields can help you by minimizing downtime so you can complete required tasks. Even better, toner and paper can be replenished on-the-fly—no need to interrupt printing.

VAST MEDIA SUPPORT

Print your work on the stock that makes the right impact. The imagePRESS C270/C265 support a wide variety of media, including coated and heavy stocks up to 350 gsm. Extend your reach by printing on specialty stocks, including tabs, envelopes, and even long sheet up to 1,300 mm.

A standard paper capacity of up to 3,300 sheets[3] helps long jobs run without having to stop for paper replenishment.

WORK EASIER

The interface was designed for maximum ease of use. Functions are quickly initiated with clearly identifiable on-screen buttons that can be organized to fit the way you work. Repetitive or complicated tasks can be assigned to a single button on the interface, speeding workflow through less manual intervention.

[2] Options required.
[3] Capacity based on 80 gsm A4.

EXCEPTIONAL EASE

BRILLIANT QUALITY

INNOVATION THAT DELIVERS

Canon's noted expertise in colour imaging and its ongoing commitment to R&D have resulted in a range of advanced technologies that are designed to deliver outstanding image quality time after time.

MAKE A BRILLIANT IMPRESSION

This next-generation imaging solution incorporates stunning image quality at production speeds. Output crisp, colour images with remarkable clarity at high speeds with the state-of-the-art Red VCSEL technology of the imagePRESS C270 Series.

READY FOR SMOOTH AND ROUGH SURFACES

The combination of the flexible transfer belt and Simple Transfer Adjustment technology allows the toner to fill the peaks and valleys of your textured and embossed stocks, producing high-density images for custom and premium applications.

RICH, CLEAR, VIVID IMAGES

By allowing the surface properties of the media to show through Canon's translucent CV Toner, the press can help produce amazingly vibrant and vivid images across the entire sheet surface on a wide variety of media, including textured stocks.

OUTSTANDING STABILITY

Maintaining a consistent environment and automatic measuring of density patches combine to help you reproduce your colour output and branding to your elevated expectations.

TECHNOLOGY
OVERVIEW

R-VCSEL LASER TECHNOLOGY
Advanced 32-beam red VCSEL laser delivers 2,400 x 2,400 dpi, outputting detailed colour images with outstanding definition at high speeds.

MULTI D.A.T. TECHNOLOGY
Multi-gradation density patches are measured and corrected during production automatically, which helps ensure consistent halftones during production.

ADVANCED IMAGING TRANSFER BELT
Flexible belt presses the toner into the media, enabling a high-density image transfer onto embossed and textured stocks.

TRANSLUCENT CV TONER
Helps produce consistent, vivid, and crisp images on a wide range of media with a realistic, offset-like finish.

LOOP SENSOR CONTROL
Controls media alignment throughout printing to help maintain high quality on heavy, coated, and banner stocks.

SECURITY FEATURES
Control who has access to the device — and to which features — using a host of flexible authentication methods, such as picture log-in, PIN code, user name/password, or card access.[5]

WORKFLOW EFFICIENCY
A unique, customized experience tailored to individual preferences is delivered on a 10.1" intuitive touch-screen.

COST MANAGEMENT[5]
Apply print policies and restrict usage by user to help reduce unnecessary printing and contribute to cost efficiency.

DEVICE AND FLEET MANAGEMENT[5]
uniFLOW Online** captures, archives and shares information, so you can centralise control of all document workflows and make collaboration easier

5   Optional accessories may be required.

WHITE PAPER IN —
CAPTIVATING PRODUCT OUT

With advanced paper handling and multiple finishing capabilities, the imagePRESS C270/C265 can handle a wide range of jobs efficiently and cost-effectively. From professional punching to folding and saddle-stitching, you can have the ability to satisfy more people and keep more in-house

FINISHING OPTIONS

Document Inserting
Enables the insertion of slip sheets or preprinted covers for booklets and complex jobs.

Staple Finishing
Corner and double-side staple up to 65 or 100 sheets[6] in stacks up to 3,500 or 5,000 sheets.[6] A side jogger helps keep media in straight or offset stacks.

Paper Folding
Offer promotional pamphlets, brochures, and more with the ability to produce Z-fold, C-fold, accordion fold, and double-parallel fold documents.

Professional Punching
Ideal for manuals, reports, and presentations, this module offers numerous die patterns to take some of the manual labor out of the binding process.

Saddle Finishing
Create saddle-stitched booklets up to 80 or 100 pages[6] on paper sizes up to 13" x 19.2". Saddle Press technology applies additional pressure when folding to help booklets exit flat.[8]

Booklet Trimming
Trim up to 1.1" off the face-side of the book for that professional-looking edge. Help maintain high productivity with a large-capacity trim waste bin and on-the-fly waste removal for continuous production.

FEEDING OPTIONS

Stack Bypass (Standard)
Provides an additional capacity of up to 250 sheets.[6] Supports all paper types and stocks in weights up to 350 gsm. Cover and banner sheets up to 1300 mm in length.[7]

A4 Paper Deck
Designed for locations with higher enterprise work, this deck holds up to 3,500 sheets[6] of A4-sized stocks and in weights up to 256 gsm.

POD Deck Lite
Designed for locations with space restrictions, this deck's 3,500-sheet[6] capacity with Air Assist and Air Separation supports paper sizes up to 13" x 19.2" and envelopes in a range of sizes and weights up to 350 gsm.
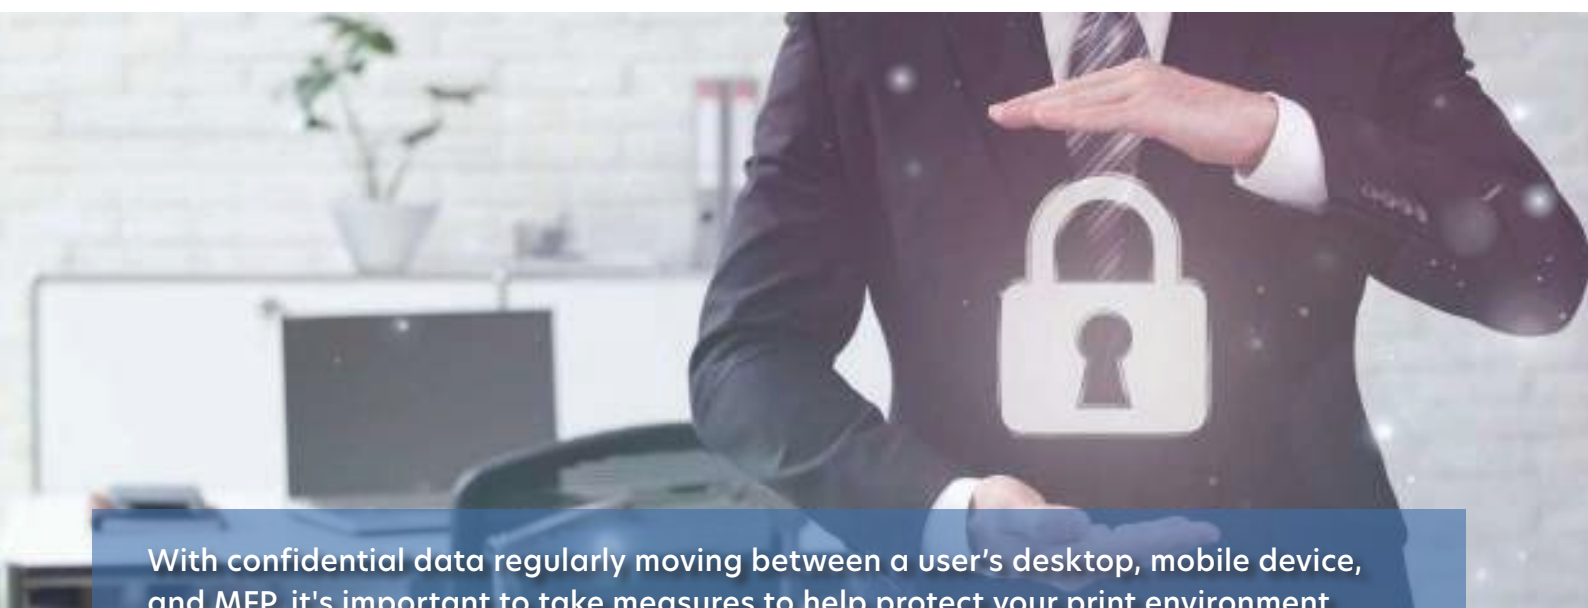

6 Capacity based on 80 gsm A4.
7 Optional accessories may be required,
8 Saddle Press technology only available on the Booklet Finisher-AG1.

SECURITY

With confidential data regularly moving between a user's desktop, mobile device, and MFP, it's important to take measures to help protect your print environment. The imageRUNNER ADVANCE platform offers a range of security capabilities to help facilitate the confidentiality, accessibility, and availability of your information.

PREVENTIVE SECURITY

Ensure your device security during initialisation with system verification at startup, which provides protection against unknown firmware from being installed. With syslog protocol, real time security information can also be fed to a third party solution for a complete monitoring protection.

DEVICE SECURITY

Canon is serious about protecting your organisation's confidential information, your ability to control access, and the availability of your company data. With multiple authentication methods to choose from, you can control and limit users access to your devices, prevent unauthorised distribution of sensitive information. Visual and audible original reminder notifications can alert you to sensitive documents that are left at the device. ensuring confidentiality.

DATA AND NETWORK SECURITY

Canon's multilayered security solutions help safeguard sensitive data stored on the device and during transmission:

• HDD/ SSD Initialise removes and overwrites all data on the hard disk/solid state drive at the end of life.

• HDD Data Encryption helps protect information even after hard drive removal and it's now FIPS 140-2 validated on select models.

• IPsec helps provide security for data as it traverses the network.

• SMB 3.0 provides communication route encryption, which enables files to be transmitted to SMB3.0 servers more securely.

• TPM 2.0 (Trusted Platform Module) securely stores encryption keys, such as passwords on select models.to be transmitted to SMB3.0 servers more securely.

imagePRESS Server M20
Fiery FS500

Get the most out of your Canon imagePRESS C265/C270 printer by combining it with the imagePRESS Server M20, to deliver high quality output with exceptional productivity.

MORE PAGES IN LESS TIME

- With the innovative Fiery ® FS500 software, productivity is taken to its maximum expression with a combination of processing power, management and automation tools to take the most out of your printer.

- Increase your production, reduce errors, plus make job management faster and more efficient with Fiery Command WorkStation®.with native processing of PDF files with Adobe PDF Print Engine.

FIRST CLASS AUTOMATION TOOLS

- Use server presets to make job submission fast and error-free. Or add the optional Fiery Automation Package to reduce job touchpoints and make your workflow even more efficient.

- Use the Fiery TrueBrand® application to print accurate brand colours from Microsoft Office applications in just a few clicks. No advanced colour knowledge required!

- The new optional Fiery JobExpert and PDF Processing Kit automatically sets the optimal job properties to achieve the highest print quality with the minimum processing time along with native processing of PDF files with Adobe PDF Print Engine.

- Offer personalised printing with the Fiery FreeForm™ Create. Quickly personalise existing files by adding variable elements such as text, images, or barcodes with just a few clicks.

ENHANCED PRODUCTIVITY AND QUALITY TO MEET YOUR REQUIREMENTS

Server Specification

Fiery Driven™ engines
- Canon imagePRESS C265/C270 Hardware and platform
- Intel® Pentium® G5400 Processor
- 8 GB RAM
- 500 GB HDD
- Linux operating system
- Fiery Installer Builder
- Fiery FS500 software

File format support
- Adobe® PostScript® Levels 1, 2, 3
- Adobe PDF
- Enhanced PCL® 6/PCL 5
- MS Office document formats (doc/x xls/x, ppt/x, pub/x) via the Fiery driver or Fiery Hot Folders

Fiery colour and imaging technology
- Fiery ColorWise® colour management technology
- Fiery Edge™ colour profiles
- Fiery Calibrator
- Fiery TrueBrand
- PANTONE® Color Enabled
- Image smoothing
- Fiery Spot-On™
- Fiery Image Enhance Visual

Editor (requires Fiery ColorRight Package)
- Auto trapping Adobe interpreter support
- CPSI version 3020
- Adobe PDF Print Engine® 5.51 (optional)

Device management and analytics
- EFI™ IQ™: Dashboard, Insight, Notify, Go
- EFI ColorGuard™ (optional)
- EFI Manage4 (optional)

Performance
- SmartRIP
- Spool-RIP-print simultaneously
- Scan-RIP-print simultaneously

Productivity and workflow
- Fiery Command WorkStation®
- Fiery Hot Folders and Virtual

Printers
- Fiery JobExpert (optional)
- Fiery drivers for Windows and Mac®
- Fiery WebTools™
- Booklet Maker
- Direct mobile printing
- Fiery Go (Android® and iOS)
- Print Time Estimation

Variable data printing
- Fiery FreeFormTM Create
- Supported file formats include Fiery FreeForm Plus, PDF/VT-1 (optional), Optimised Postscript® and PDF
- VDP record range printing
- Define record length
- Record and set level finishing support
- VDP raster preview

Integration
- Canon Uniflow compatible
- Fiery JDF v1.8 (optional)
  - EFI MIS and Web-to-Print integration ready
  - Prepress workflow integration (Agfa® Apogee, Kodak® PRINERGY, Heidelberg® Prinect)

Optional Fiery software and hardware
- Fiery Automation Package[1]
  - Rush Print, Schedule Print, Print/Process Next, Fiery Preflight, Fiery JobFlow™ Base, Fiery JDF
- Fiery ColorRight Package[1]
  - Fiery Spot Pro, Fiery ImageViewer, Fiery Image Enhance Visual Editor, Fiery Postflight, Control Bar
  - Fiery JobExpert and PDF Processing Kit
    - ª Fiery JobExpert. Adobe PDF Print Engine, PDF/VT-1 support
- Fiery Impose[1]
- Fiery Compose[1]
- Fiery JobMaster™ [1]
- Fiery JobFlow[1] (requires Fiery Automation Package)
- Fiery Color Profiler Suite[2]
- ES-3000 spectrophotometer
- Adobe® Acrobat® Pro 2020 Kit

SECURITY
- Secure erase, Security Profiles, Security Audit Logs
- Port blocking, IP filtering, 802.1x authentication, IPsec encryption, HTTPs with TLS 1.3 support
- Enhanced certificates management. Fiery self-signed certificates are recreated automatically
- Secure printing, PostScript security, USB security
- Closed architecture
- Digitally signed software updates

NETWORKING/CONNECTIVITY
- TCP/IP, AppleTalk, Bonjour support, SNMP, Port 9100, IPP, FTP, SMB, WSD, point and print, print via email (PS/PDF), IPv6 support EMC
- FCC and ICES (US & Canada)
- CE Mark (EU)
- RCM (Australia & New Zealand)
- CCC (China)
- BSMI (Taiwan)
- KC – Korea
- NEMKO
- CMIM Mark (Morocco)

SAFETY
- CB Scheme
- TÜV/CU Mark (Canada and US)
- TÜV/GS Mark (EU)
- CE Mark (EU)
- CCC (China)
- NEMKO – N-Mark
- BSMI (Taiwan)

POWER SUPPLY AND CONSUMPTION
- Auto-switching: 100–240 VAC
- 50/60 Hz, 3 Amps @100 VAC
- 1.5 Amps @240 VAC
- Maximum / typical power usage: 80 W / 30 W

Sending/Recording Size	A3, A4, A4R, A5*[1], A5R*[1], B4, B5*[2], B5R*[1]		
FAX Memory	Up to 30,000 pages (2,000 jobs)		

INPUT ACCESSORY SPECIFICATIONS

POD Deck Lite-C1

Paper Capacity	3,500 sheets (80 gsm)	
Paper Types	Thin, Plain, Recycled, Color, Thick, Pre-punched, Label, Letterhead, Bond, Coated, Transparency, Tab, Tracing, Envelope*, Textured	
Paper Size	Standard size:	A3, A4, A4R, A5R, B4, B5, B5R, Envelope [No.10 (COM10), Monarch, DL,ISO-C5]
	Custom size:	139.7mm x 148.0 mm to 330.2mm to 487.7mm *Requires Envelope Feeder Attachment-G1
Paper Weight	52 to 350 gsm	
Power Source	220-240V/1.2A 50/60Hz	
Dimensions	(W x D x H) 633mm x 686mm x 574 mm (attached to the main unit)	
Weight	Approx. 68.0 kg	

Stack Bypass Tray-D1
(Multi-purpose tray)

Paper Capacity	250 sheets (80 gsm)	
Paper Types	Thin, Plain, Recycled, Thick, Color, Transparency, Label, Tracing, Envelope, Coated, Textured, Bond, Pre-punched, Letterhead, Tab	
Paper Size:	Standard size:	A3, A4, A4R, A5, A5R, A6R, B4, B5, B5R, Envelope [No.10 (COM10), Monarch, ISO-C5, DL]
	Envelope custom size:	90.0 x 148.0 mm to 330.2 x 487.7 mm
	Custom size :	100.0 x 148.0 mm to 330.2 x 487.7 mm
	Free size	100.0 x 182.0 mm to 330.2 x 487.7 mm *Requires Long Sheet Tray-B1 and Stack
	Long sheet*:	210 x 487.8 mm to 330.2 x 1,300 mm Bypass Alignment Tray-D1
Paper Weight	52 to 350 gsm	

Paper Deck Unit-E1

Paper Capacity	3,500 sheets (80 gsm)
Paper Types	Thin, Plain, Recycled, Color, Thick, Pre-punched, Letterhead, Bond
Paper Size	A4, B5, LTR* *Media size change requires service technicians
Paper Weight	52 to 256 gsm
Power Source	From the Main Unit
Dimensions	(W x D x H) 340mm x 630mm x 572 mm (attached to the main unit)
Weight	Approx. 34.0 kg

OUTPUT OPTIONS

Copy Tray

Copy Tray-R2
Provides a simple tray for basic output needs.
Capacity: 250/100 sheets (1-sided/2-sided, 80 gsm)

Staple Finisher-AC1

Upper Tray
A4/A5/A5R/B5: 250 sheets,
SRA3/A3/A4R/B4/B5R: 125 sheets,
Envelope: 30 sheets

Mid Tray:
A4/A5/A5R/B5 250 sheets,
SRA3/A3/A4R/B4/B5R: 125 sheets
Envelope: 30 sheets.

Lower Tray:
A4/A5/A5R/B5: 3000 sheets (80 gsm),
